Count a new number onto the tens frame.</p> <p>Pattern/shape bag.</p> <p>Solve real world mathematical problems with numbers up to 5.</p> <p>Make comparisons between objects relating to weight and capacity.</p> <p>Combine shapes to make new ones - an arch, a bigger triangle, etc.</p>

	Compare sizes, weights etc. using gesture and language. Notice patterns and arrange things in patterns.		Make comparisons between objects relating to size and length. Extend and create ABAB patterns		Make comparisons between objects relating to weight and capacity. Notice and correct an error in a repeating pattern.	Understand position through words alone – for example "The bag is under the table," – with no pointing.
Understand ing the World	Explore materials with different properties. Explore natural materials, indoors and outside. Explore and respond to different natural phenomena in their setting and on trips. Make connections between the features of their family and other families. Notice differences between people.	Use all their senses in hands-on exploration of natural materials. Explore collections of materials with similar and/or different properties. Talk about what they see, using a wide vocabulary. Talk about the differences between materials and changes they notice	Begin to make sense of their own life-story and family's history. Explore how things work. PKC Dinosaurs unit.	Begin to understand the need to respect and care for the natural environment and all living things. Continue developing positive attitudes about the differences between people.	Plant seeds and care for growing plants. Understand the key features of the life cycle of a plant and an animal.	Know that there are different countries in the world and talk about the differences they have experienced or seen in photos. Show interest in different occupations. Explore and talk about different forces they can feel.
Expressive Arts and Design	Respond emotionally and physically to music when it changes. Move and dance to music. Join in with songs and rhymes, making some sounds. Express ideas and feelings through making marks, sometimes giving meaning to the marks they make. Enjoy and take part in action songs. Start to develop pretend play, pretending that one object represents another.	Andy Goldsworthy: patterns and artwork in nature. Listen with increased attention to sounds. Respond to what they have heard, expressing their thoughts and feelings. Use drawing to represent ideas like movement or loud noises. Explore colour and colour mixing. Play instruments with increasing control. Wiggle Me into a Squiggle.	Take part in simple pretend play, using an object to represent something else even though they are not similar. Begin to develop complex stories using small world equipment like animal sets, dolls and dolls houses etc. Explore different materials freely, in order to develop their ideas about how to use them and what to make. Remember and sing entire songs. Wiggle Me into a Squiggle	Kandinsky: shapes, portraying feelings through our marks/colours. Show different emotions in their drawings and paintings, like happiness, sadness, fear etc. Develop their own ideas and then decide which materials to use to express them. Create closed shapes with continuous lines, and begin to use these shapes to represent objects. Create their own songs, or improvise a song around one they know.	Join different materials and explore different textures. Sing the pitch of a tone sung by another person ('pitch match').	Make imaginative and complex 'small worlds' with blocks and construction kits, such as a city with different buildings and a park. Draw with increasing complexity and detail, such as representing a face with a circle and including details. Sing the melodic shape (moving melody, such as up and down, down and up) of familiar songs.

	<p>Use their imagination as they consider what they can do with different materials.</p> <p>Make simple models which express their ideas.</p>
